Introducing International Women Parliament

“OF THE WOMEN, BY THE WOMEN, FOR THE WOMEN”

While more women than ever are being elected to parliaments around the world, equality is still a long way off, and current progress is far too slow. Most parliaments are still heavily male-dominated, and some have no women MPs et al. Even where women are present in greater numbers, glass ceilings often remain firmly in place. Women face numerous challenges—including discrimination or cultural beliefs that limit women’s role in society, balancing private-family and political life.

They may also face violence, harassment and intimidation at the work sphere and otherwise. Some women may even be dissuaded from running for office, leaving men in the positions of power.

Change is possible if women come together to build each other's social, political and business capital. With this understanding, International Women Parliament (IWP) was formed as an international platform for women from across regions, countries, ethnic groups, professional affiliations and belief systems. Any person in our world, who is passionate about rendering leadership to empower women, is welcomed to be part of the IWP.

Project 100 has been actively involved in creating awareness amongst NGOs, lawyers, scientists, public and private executives, academicians, students, youth, peoples' representatives and public at large through training & capacity building programs, seminars, workshops, declamation contests & other grass root level activities to: Empower all citizens to own, understand and practice Constitutional values, rights and responsibilities in our lives & communities.

Promote Indian culture and Global history. Work as a mediator among Government, Self Help Groups, Cooperatives, Samitis, Village's level committees, etc. Project 100 is committed to a sustainable future & improving the social, economic and environmental wellbeing of the community.

Introducing International Women Parliament

The International Iconic Women Award is instituted by the IWP to recognise and celebrate leaders from an array of professional fields. The award recognises personal and professional leadership towards the cause of women empowerment. It will provide motivation to other aspiring leaders to draw motivation from our awardees and replicate their examples for a better and just world.

MUMBAI, INDIA

International Women Parliament

In this residential conclave, the insights and experiences of women leaders on various issues from diverse domains will be divulged and addressed through active participation. The platform sets the stage for the Powerful Women Leaders of the world to inspire their counterparts to take up leadership and lead initiatives from Grassroot Action to International Development.

We encourage the equal participation of leaders irrespective of gender in order to realize the vision of the IWP and the objective that supports the UN SDGs 2030.

THE ROLE OF THE INTERNATIONAL WOMEN PARLIAMENT

The United Nations Sustainable Development Goals (SDGs) are a set of 17 goals that were adopted by the United Nations in 2015 as a blueprint for creating a more sustainable and equitable world by 2030. One of the SDGs that has a particularly strong focus on women is SDG 5: Gender Equality.

SDG 5 aims to achieve gender equality and empower all women and girls. This goal recognizes that gender inequality is a pervasive issue that affects all aspects of society, and that it is necessary to promote women's rights and opportunities in order to create a more just and sustainable world.

The International Women Parliament and Iconic Women Award 2023 have the potential to contribute significantly to the achievement of SDG 5 by promoting women's empowerment and gender equality.

Through the International Women Parliament, women leaders from around the world can come together to discuss and address issues related to gender equality, including barriers to women's political participation, economic empowerment, and access to healthcare and education. By sharing their experiences and best practices, these women leaders can help to advance the cause of gender equality and empower women and girls in their own countries and beyond.

The Iconic Women Award 2023 can also help to promote gender equality by recognizing and celebrating the achievements of women who have made significant contributions to their communities and society as a whole. By highlighting the accomplishments of these women, the award can inspire and motivate others to pursue their own dreams and goals, and to work towards gender equality and women's empowerment.
